From (Name) M.R.Ry.A.B.Shetty Avargal,M.L.C.,
(Designation) President,District Board,South Kanara

To The Secretary to the Government of Madras,
Local Self-Government Department.
Madras.

Sir,

I have the honour to submit as follows:-

In G.O.No.Ms.103,L.H.,dated 16.1.1935, Government have ordered that all medical officers in charge of L.F. Medical institutions in this district should be designated as L.F.Sub Assistant Surgeons,irrespective of the higher qualifications of four medical graduates working in the District,

2. I had already brought to the notice of Government

(T)

in my Ref.C.No.11625/A4/34, dated 9.11.1934 that the four medical graduates working at Buntwal, Hosdrug, Moolky and Baindur are to be treated as Assistant Surgeons. It is also in the interest of efficiency that four posts of Assistant Surgeons are sanctioned in this District. The work turned out at the L.F.medical institutions at -- Buntwal, Moolky and Hosdrug where the medical graduates were in charge, is in no way less, when compared with the other Taluk Headquarters Hospitals.

3. I would therefore urge that Government may be pleased to designate the four medical graduates working in the District as L.F.Assistant Surgeons.

The District Board is also of opinion that four officers of the grade of Assistant Surgeons are necessary for the L.F.Hospitals at Buntwal and Moolky and the -- Dispensaries at Hosdrug and Baindur - Vide District Board Resolution No. III, dated 2. 3. 1935 - Copy enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

for President,
S.K.District Board.

Humble Memorial of K.S. Amrith Rao M.B. B.S.,

L.F. Assistant Surgeon, Hosdurg,

South Kanara District,

Dated 8th February 1935.

Respectfully sheweth,

That the memorialist is a Medical Graduate of the Madras University having passed the M.B.B.S. degree Examination in April 1923 and since then has undergone a full House Surgeon's Course and Post Graduate Course in the - Government Maternity Hospital at Madras chiefly under Lt. Col. Hingston and Dr. A. Lakshmanaswami Mudaliyar. He had also undergone House Physician's and House Surgeon's Course in the Government General Hospital at Madras under Lt. Cols. Malcolmson and Bradfield respectively.

That after a great deal of correspondence in the matter between the Surgeon General and the Government the right of the Self Governing Bodies like the Taluk Boards to appoint their own Medical Officers to the Hospitals under their control was first recognised in general in about August 1925 and your memorialist was then appointed

by the Mangalore Taluk Board as an Assistant Surgeon to be in charge of the Bantwal Hospital under their control.

That ever since August 1925 your memorialist had been in charge of that Hospital as an Assistant Surgeon drawing a regular scale of pay fixed by them and is now drawing Rs. 150/- a month, his scale having been fixed in 1929 at Rs. 125-5-175. That the copies of the testimonials submitted herewith and the entries in the Bantwal Hospital Inspection book will amply prove the qualifications of the memorialist and the satisfactory nature of the work he has been doing.

That after the abolition of the Taluk Boards all the Hospitals came under the management of the District Board and your memorialist was transferred to Hosdurg only about a month ago by the President of the District Board.

That your memorialist submits that if the services of all the Local Fund Assistant Surgeons in the entire Presidency is considered he will be found to be one of the seniormost L.F. Assistant Surgeons as his was almost the first appointment after recognition of the principle and the right of Taluk Boards to have their own Medical Officers.

That the recent G.O. Ms. 193 P.H. dated 16-1-35 is working a very great hardship on the memorialist as, under that, your memorialist is reduced to the grade of a Sub-Assistant Surgeon for no fault of his after a long and good service of nearly 10 years and though he was appointed and has all along worked as a L.F. Assistant Surgeon and having continued to draw a pay above the maximum of a Sub-Assistant Surgeon for all these years.

That your memorialist humbly begs leave to draw the

attention of the Board and the Government to G.O. No. 2403 P.H. dated 15-10-34 under which the memorialist has to be treated as a L.F. Assistant Surgeon.

That the District Board has all along found that some Assistant Surgeons' places are necessary for some of the localities in this District and must have appointed - Medical Officers of that grade having due regard to the - financial condition of the Board. At any rate, the memorialist submits that he being one of the seniormost in L.F. service it works a very great hardship if he is not treated as a L.F. Assistant Surgeon.

That your memorialist prays that if it is not possible, in any case, to treat him as a L.F. Assistant Surgeon in this District, he may be sent out to any other place in any other District as an Assistant Surgeon.

That your memorialist, therefore, humbly prays that he may be treated as an Assistant Surgeon and continued as such.

For which act of kindness and justice, your memorialist will ever pray and remain grateful.

Government Maternity Hospital

Madras 19th April 1923.

Dr. K.S. Amrith Rao has been here for a Post Graduate Course and as a House Surgeon for six months. He has had frequent opportunities of doing practical midwifery and Gynaecology including abdominal surgery.

He has been a very capable and practical obstetrician. He has worked most satisfactorily.

His experience here will be of great service to him in future.

Humble Memorial of M. Umesha Rao, L.M. & S., Local Fund Assistant Surgeon, in charge of Local Fund Hospital and Bola Madhava Rao.Leprosy Clinic, Mulky. Dated 2nd February 1935.

Respectfully sheweth,

That the Memorialist begs to bring the following for your kind consideration and prays that his case of real hardship may be considered favourably.

That the Memorialist is a L.M.& S.of the Madras University having passed the examination in April 1926.

That the Memorialist was a member of the Madras University Training Corps for 3 years while in the Medical College.(Sheet I)

That he has undergone postgraduate course in Ophthalmology in Minto Ophthalmic Hospital, Bangalore for a period of three months in 1929. (A Testimonial from the Superintendent is enclosed).(Sheet II 2)

That since passing, he was in the Local Fund Medical Department. He acted as a Local Fund Medical Officer at Hosdurg for 2 months and Sullia for three months in the year 1926.

In 1927 March, he was appointed as Assistant Surgeon, Local Fund Dispensary, Belthangady on a scale of Rs100-5-125. The institution was converted into a Hospital during his tenure of office. (vide -- testimonial enclosed). (Sheet II 3)

In 1930, when the Mangalore Taluq Board --
resolved to appoint an Assistant Surgeon on a scale of -- (Sheet III)
Rs125-5-175 (annual) with a view to convert the institution into a hospital, the Memorialist was appointed as Assistant Surgeon in charge of the L.F.Dispensary, Moolky. Since then he is in charge of the institution and during this period, the dispensary was converted into a regular hospital at public request, who offered a sum of Rs2000/-, the interest of which is being utilised towards a part of the dieting charges. The hospital statistics, herein,--- (Sheet IV)
enclosed, show that there is a gradual, but distinct increase in the work of the hospital when compared with previous -- years. A Honarary Sub Assistant Surgeon was appointed in February 1 9 3 4 and was ordered to work under the --- directions of the Assistant Surgeon in charge. (vide copy (Sheet V)
of order enclosed.

That the memorialist further undertook - training in leprosy treatment under Dr. Joseph, the Chief Leprosy Officer, and took interest in this work as remarked (Sheet II 4 & 5)
by Dr. R.Ganapathi Ayar, the then D.M.O. and as remarked by the present D.M.O. and it was mainly due to his exertions that a new leprosy clinic building was built inthe Hospital compound by a philonthrophist.

That the memorialist, noting the pitiable condition of maternity cases in the villages, contemplates opening a maternity ward and as remarked by the D.M.O. has made a good start. He hopes to have it opened in the -- course of the year.

That the G.O. No.Ms.193 P.H. dated 16-1-35 has adversely affected him and that in view of his continuous service of about 8 years in the Assistant Surgeon cadre and in view of the facts stated above, prays that he may be -- retained in the Local Fund Assistant Surgeon cadre itself,

in the scale of pay sanctioned in G.O.2403 P.H. dated 15th October 1934 for the Local Fund Assistant Surgeons at Moolky where he hopes to do some useful work and do some humanitarian service to the public.

That it may not be out of place if the memorialist ventures to invite attention to para 3 of G.O.No.2403 P.H. dated 15-10-1934 wherein it is clearly stated that the --- incumbents of the existing posts should be appointed to similar posts carrying new scale of pay.

That the memorialist prays that if, under any circumstances, this prayer of his cannot be granted he may atleast be posted in Local Fund Assistant Surgeon's place outside the District, where he is prepared to serve and where he will try and give entire satisfaction in his work.

For which act of kindness the memorialist will be ever grateful,

M. Ahmad

When he took charge in Belthangady it was only a Dispensary which had not made any noteworthy mark in popular estimation. With the advent of Dr. M.Umesha Rao from Mangalore, the institution soon shot up in popularity and it developed into a Hospital. This was entirely due to Dr. Umesha Rao's initiative, energy and enthusiasm for work. His genial nature and readiness to serve and help at times of the day and night, without the remotest regard for

his personal benefit or profit, won for him the esteem and regard from the public to a degree rarely gained by any medical man.

I was sorry to part from him and it was with the utmost reluctance that I agreed for his transfer. I consented only because my Board was too poor to pay him what he deserved.

Resolution
28/2/35

2. In forwarding herewith the memorials of Messrs M. Umesh Rao L.M.& S, Medical Officer L.F. Hospital, Moolky and K.S. Amrith Rao M.B.B.S., Medical Officer, L.F.Dispensary, Hosdrug formerly of Buntwal, I have the honour to make the following remarks:-

The L.F. Hospital, Buntwal was till the middle of 1924 under a Government Civil Assistant Surgeon and after its transfer to the District Board it has been till the end of 1934 in charge of a L.F. Assistant Surgeon.Mr. K.S. Amrith Rao being in charge. From the comparative statement of attendance at Buntwal, Moolky and Hosdrug and the Government Hospitals of Coondapoor, Puttur and Kasargod & Karka given below, it will be seen that the work done at the L.F. Hospitals of Buntwal, Moolky and Hosdrug is on a par with the three Government Hospitals where Civil Assistant Surgeons are employed. The L.F. Hospital, Moolky was in charge of an L.F. Assistant Surgeon, Mr. M. Umesh Rao L.M.& S till the end of 1934 when his status has been reduced to that of Sub Assistant Surgeon according to the New Government Order. The L.F. Hospital, Hosdrug has been under a Medical graduate though not styled an Assistant Surgeon and has been drawing the scale of that of an L.F. Assistant Surgeon.

SOUTH KANARA DISTRICT BOARD
C 2590
22 FEB 1935
MANGALORE

These three places - Moolky, Buntwal and Hosdrug deserve to be retained as L.F. Assistant Surgencies as the amount of work turned out in these places is not in any way less than in the three other Government Hospitals. The new G.O. fixing the scale of District Board Medical appointments contemplates two scales one for the Sub Assistant Surgeons and another for Assistant Surgeon but there is only one L.F. Assistant Surgeon in the whole Presidency - Chowghat, Malabar - and nobody is going to benefit by the scale of pay sanctioned for L.F. Assistant Surgeons unless some of the more deserving places are retained as Assistant Surgencies. After all the maximum pay for a L.F. Assistant Surgeon is only a few rupees - Rs.25/- more than that of Government sub assistant surgeon and in my opinion it will be in the interest of greater efficiency-

and the

and the greater contentment of the District Board medical staff that few Hospitals are retained as Assistant Surgencies instead of branding the whole lot of them L.F. sub assistant surgeons. In the Government service a certain percentage of sub assistant surgeons who have better qualifications are promoted to Civil Assistant surgeons but the L.F. Sub assistant surgeons have not even that consolation by the G.O.; whatever be their superior educational qualifications.

I strongly recommend the petitions of Drs.M. Umesh Rao and K.S. Amrith Rao for favourable considerations

Humble Memorial of A. S. Hebbar L.M. & S.

Medical Officer, Byndoor,

South Kanara District,

Dated 20-th February 1935.

Respectfully sheweth,

That your memorialist is an L.M. & S of the Madras University having taken his degree in April 1926. He had undergone 6 month's training subsequently as House Surgeon in General Hospital, Madras.

Memorialist was recommended for appointment by the President, Coondapur Taluk Board and was appoint-ed as Medical Officer Byndoor L.F. Dispensary in May 1926. The salary scale at the time of memorialist's appointment was Rs. 130 - 5 - 180 including a duty allowance of Rs.30/- per mensem, as once allowed to Assistant Surgeons in Government service.

With the last instalment of the increment the memorialist was drawing Rs. 160/- till 1-11-1934, when the new scale of pay came into force depriving him of the allowance of Rs.30/- per mensem. This retrenchment has by itself inflicted a hardship, hard to put up with.

The recent G.O. Ms. No. 103 P.H. dated 16-1-35 is however calculated to tack on further hardships on the memorialist by reducing him to the grade of Sub

Assistant Surgeon for no fault of his, and placing him on a scale of pay of which the maximum is less than that with which the memorialist started service. Besides the financial stringency that would immediately ensue as a result of the G.O. the position of the memorialist and other individuals similarly placed would be humiliating.

Memorialist has had 7 years continued service with well recognised record of good work and it is hoped that Government would view this plight with concern and -- generosity.

For which act of kindness and justice your memorialist will ever remain grateful,

Humble Memorial of K.Nemiraja Alva
L. M. & S.,
Local Fund Hospital,
B A N T W A L.

Dated 28 -2- 1935.

Respectfully Sheweth,

1. That the memorialist being highly aggrieved by G. O. No. 103 P.H. dated 16 -1- 1935 humbly begs leave to submit this memorial praying that on a kind and favourable consideration of the facts and circumstances detailed below, he may be granted proper and adequate relief.

2. That the memorialist passed his L. M. & S. degree examination of the Madras University in December 1929.

3. That after taking his degree, the memorialist worked as Honorary Medical Officer for about 7 months in the Government Wenlock

Hospital, Mangalore under Lt. Col. Ganapath Rai and subsequently under Major N. M. Mehta whose true copy of the certificate regarding the memorialist is herein enclosed.

4. That subsequently the memorialist attended the post graduate course in Practical Midwifery and Gynaecology in the Government Hospital for Women and Children in Madras under Lt. Col. C. A. F. Hingston I. M. S. and performed by himself Obstetric and Gynaecological operations and gained considerable experience (True Copy of the certificate of Lt. Col. C.A.F. Hingston I. M. S. is enclosed herewith).

5. That the memorialist after completing the abovesaid post graduate course again worked as Honorary Medical Officer in the Government Wenlock Hospital, Mangalore for over 4 months when he was appointed to act as Medical Officer in charge of the Moolky Local Fund Hospital during the absence of M. Umesha Rao L.M.& S. for 1 month and 21 days, at the termination of which the memorialist again worked as Honorary Medical Officer in the Government Wenlock Hospital, Mangalore for about 2 months.

6. That the memorialist was then appointed as the Medical Officer of the Local Fund Dispensary at Hosdrug on 20 -6- 1931 by the Kasargod Taluk Board in pursuance of a resolution of the said Board No. 568/2 -3- 1931 that a medical

graduate should be appointed for the Hosdrug Dispensary in view of the importance of Hosdrug town in respect of its population and other matters. The memorialist was recommended by the District Medical Officer, South Kanara to the said post. The pay for the said post was fixed by the Taluk Board at Rs 120/- per mensem (R.C. No. 2275/31 dated 20 -6- 1931 of the Kasargod Taluk Board).

7. That shortly after his confirmation, the said Taluk Board introduced retrenchment which precluded his having an increment in his pay [redacted] and if he would have been in any other Taluk Board his pay would have been Rs 135/-. The cut in the pay was raised by the District Board after the abolition of the Taluk Boards and subsequently when the memorialist applied for an increment and before the District Board could consider it the new scale of pay was introduced by the Government and he was transferred to the Local Fund Hospital, Bantwal where he is working at present as from 8 -1- 1935.

8. That the daily average attendance and the total number of cases treated in the Local Fund Dispensaries of Bantwal, Hosdrug and Moolky are higher than those in the Government Hospitals of Coondapore, Karkal and Kasargode which are having Government Civil Assistant Surgeons, and the work done by the Medical Officers in the said Local Fund Dispensaries is heavier than the work done by those in charge of

the abovesaid Government Hospitals.

9. That the memorialist begs to refer to the remarks made regarding his work by the District Board President, The District Medical Officer and the Revenue Divisional Officer in the Visitors' Book kept in the Local Fund Dispensary at Hosdrug.

(a) "Inspected the Dispensary. Everything are kept neat and tidy .... " (Sd). R.Ganapathy Aiyer, District Medical Officer, South Kanara Dated 3 -12-'31.

(b)."Inspected the Dispensary. Found it clean and tidy ..." (Sd). K.G.T.Menon, District Medical Officer. dated 5-11-'32.

(c) "The average daily attendance is high and shows the popularity of the institution ..... A dispensary like this which has an L.M. & S. as the Medical Officer in charge and which attracts a large number of patients should be supplied with drugs and surgical equipments. The buildings also require repairs and extension." (Sd). A.B.Shetty, District Board President. dated 18-1-1933.

(d)."The working of the Hospital in other respects is satisfactory." (Sd). K.G.T. Menon, District Medical Officer, South Kanara. dated 17 -7- 1933.

(e) Similar remarks were made by the District Medical Officer on 7 -9- 1934.

(f) "I visited the Dispensary this morning and had a look round ..... The dispensary is popular. The average attendance is 175 and there is every scope of the dispensary being converted into a Hospital, particularly in view of the fact that there is no Hospital south of the Chandragiri river. There is no rural dispensaries in this Sub-Taluk either. The Assistant Surgeon is doing good work, but he is handicapped for want of proper accomodations. I hope that the South Kanara District Board will kindly look into the affairs of this dispensary and carry out the urgent repairs that are needed as quickly as possible." (Sd). E. Abraham, Revenue Divisional Officer, Puttur, Camp:- Hosdrug, dated 18 -10- '34.

10. That the memorialist begs to submit that out of the 4 medical graduates (in the Local Fund Dispensaries and Hospitals of Hosdrug, Bantwal, Moolky and Baindoor) the memorialist is the only Non-Brahmin graduate under the District Board of South Kanara, and it is only due to the retrenchment introduced in the Kasargod Taluk Board that the memorialist was deprived

of the privileges which his other three collegues referred to above have been enjoying. As such the memorialist is entitled to the same fecilities and pay as his other collegues are getting.

11. That the memorialist is highly aggrieved on account of the G. O. 193 P.H. dated 16 -1- 1935 according to which the memorialist stands reduced to the grade of a Sub-Assistant Surgeon.

12. That the District Board has all along found it necessary to appoint Assistant Surgeons in some localities in this District, having due regard to the financial condition of the Board; and in case the Government sanctions at least 2 posts of Assistant Surgeons for this District under the District Board, the memorialist prays that he may be appointed for one of them, since he belongs to the Non-Brahmin Community which is very poorly represented in the District Board service.

13. That in case it is found impossible to sanction any Assistant Surgeons for the District Board of South Kanara, the memorialist prays that he may be continued to be treated as an Assistant Surgeon and posted as such to any other place in any other District.

14. That if the above prayer is found

not possible then he humbly prays that his pay may be raised to the same pay as would be granted to his other three collegues referred to above, the enchanced amount being considered as personal allowance.

For which act of kindness, justice and equity the memorialist shall as in duty bound ever pray.

JOINT SECRETARY TO GOVERNMENT
21 FEB 1935
LOCAL SELF-GOVERNMENT DEPT.

My dear T... Bahadur,

You wrote desiring to see [illegible] letter from an old acquaintance or friend [illegible] might say. You will remember that we were together at the famous Calicut Camp for our L.R.T. Course. After we parted at Chittoor, we corresponded a couple of times. You wanted certain ear pendants made at Mangalore and I sent them. After this, we were so apart that we almost forgot each other. I could not see you at Madras in 1919-20 when I was an Asst in the Board's Office. You were then a Dy Coll in the Northern Dn.

From the Board's Office, I was sent to the Bellary Dt. - Between Bellary & Cuddapah Dts, I was in the Ceded Dts for four years, having served as Asst, Asst Sett: Officer during the fourth year. From there, I went to Malabar and finally retired as T. D.C. Mangalore on 7.12.30. Having done the plough and have been living here after buying a small property out of my G.P. Fund money.

2. I now take the liberty of writing to you on a small matter. I trust you will not take it amiss for my venturing upon the subject. I am doing so as I consider that you need not have to go out of your sphere of action in the matter of the help that I seek of you. I consider it to be

a gift.

To come to the subject, I shall refer to G.O. nos 2403 P.H. dt 15.10.34 & the 193 P.H. dt 16.1.35. The person who is affected most is Dr. M. Umesha Rao, my wife's nephew, L.F. Asst Surgeon in ch of the L.F. Hospital & Bala Madhava Rao's Leprosy Clinic, Mulki, S. Kanara. His case has been detailed in the memorial just submitted thro' the proper channel. I enclose a copy for ready reference. If it be not possible to do something for him in this Dt. i.e, by ordering him to continue in the cadre of Asst Surgeons on the received pay, for them — he is an old entrant —, I shall esteem it a personal favour from you, in my old age, if he is transferred to some

Dr. as an Asst Surgeon. His is a hard case with aged parents almost depending on him; hence I am obliged to seek your aid, which I trust you will be pleased to render as a special case. Requesting to be excused for the trouble and with sincere regards,

Yours Sincerely
H. Sankaralingam.

Please see the D.O. on p/ante and a copy of the petition from Mr. Umesha Rao, L.F. Asst. Surgeon at Moolky, South Kanara Dt. on pp 1-3 of.

2. The petition is presumably with reference to paragraph 2 of G.O No. 1103 P.H of 16.1.35. In connection with fixing the strength of establishment in Medical institutions in the South Kanara Dt., the P.D.B. suggested that the Local fund medical officers in charge of the dispensaries at Moolky, Bantwal, Nosdrug and Baindur might be declared as Local fund Asst. Surgeons. But the S.G. did not support the proposal. He said that the grades of the Officers for the above institutions should be Local fund Sub. asst. Surgns.

3. It was pointed out in this connection that if the proposal to raise the grades of the officers to that of Local fund Asst. Surgeons were approved, the Dt Bd would have to incur additional expenditure and that under paragraph 4 of G.O No. 2407 Pt of 19.8.29, the Govt would have to

contribution at the rate of 22½ p.c. of the officers employed in all the four institutions. It was also stated that the grade of officers for each institution should be fixed not on the basis of the availability of persons with lower or higher qualifications as the case might be, but taking into account the importance of the institutions. In the circumstances the proposal of the D.H.S. South Kanara to designate the medical officers as L.F. Asst. Surgeons was not approved and orders were issued accordingly.

para 9 on p.34 of (T)

According to para 2 of G.O.No 103 P.H.& 16.1.35, the petitioner can only be a Sub. Asst. Surgeon. He requests therefore that he may be retained as local fund Asst. Surgeon in the scale of pay sanctioned in G.O.No 2403 P.H.& 15.10.34 or that he may be posted as L.F. Asst. Surgeon outside the D.H.S. Before considering the request, the receipt of the original sent through proper channel may be awaited.

In para 2 of G.O.No 103 P.H.& 16.1.35, the grant of a personal pay has also been suggested.

---

The South Kanara Dt Bd is of opinion that medical offrs of the grade of Asst Surgeon are necessary for the L.F institutions at Hosdrug, Baindoor, Buntval & Mulky and has requested the Govt to sanction the appointment of Asst Surgeons to those institutions. The Medl Offrs now in charge of those institutions have also memorialized the Govt that they should be graded as Asst Surgeons and if this is not possible they may be transferred to any other Dt as Asst Surgeons.

2. The question whether medl offrs of the grade of Asst Surgeon are required for the four institutions has already been fully considered. ~~It is useless~~ [It is useless to reconsider the orders already passed. It is not also possible to comply with the requests of the memorialists.

The S.G considers that the medical officers in charge of the dif. medical institutions at Buntwal, Moolky, Hosdrug & Bandur in the S. Kanara Dt need not be designated as Asst Surgeons

As the Dt Bd is very particular that the status of the medical officers in charge of the four institutions referred to above should be that of an Asst Surgeon the grade of the medical officers may perhaps be fixed as Assistant Surgeon until the existing incumbents vacate their office if the Dt Bd is agreeable to the payment of Contributions at 10 per cent of the pay of these medical officers ~~[illegible]~~ instead of at the enhanced rate of 22½ percent

Mr Sly is not in favour of the proposal. Pl also note fully whether the ~~grades of~~ these officers ~~should be appointed to~~ have ~~substantive~~ rights which the Bd is prejudiced by a comparison of the figures of attendance etc in their institutions with those in Govt institutions employing officers of the same grade.

The pay and personal pay admissible to the medical officers in charge of the institutions at Buntal, Moolky, Hoodi and Bairdur according to the recent orders fixing their grade as Subassist Surgeons are given below:—

		Pay in the S. A. S. scale	Personal pay	Pay in the A. S. S. scale
1.	Dr. A. S. Heffan LMS S. A. S. (Baindur)	Rs 120	10	130
2.	" K. S. Amruth Rao. MBBS. S. A. S (Hosdrug)	120	30	150
3.	" M. Umesh Rao L.M.S S. A. S. (Mosilly)	120.	25	140 plus personal pay Rs 5
4.	" K. Nemiraja Alwa LMS. S. A. S. (Buntwal)	120 -	nil	120

There will be no immediate extra expenditure by fixing the grade of the medical officers as Assistant Surgeons but ultimately there will be additional expenditure as the officers will rise up to the maximum of Rs 200 in the Assistant Surgeons' scale.

2/ So far as Govt medical institutions are concerned, Assistant Surgeons are put in charge of hospitals and Sub-assistant Surgeons in charge of dispensaries. The following statement shows the attendance at the four L.F. med. institutions for which officers of the grade of Asst Surgeons are considered necessary by the Dt Bd and the attendance at the Govt hospitals in the Dt in charge of Assistant Surgeons.

		1933 Inpatients Daily average.	Outpatients Daily average attendance	Total no treated both in door & out door
L.F. Hospital,	Buntwal -	6.08	142.34	19.037
"	Mool Ky. -	4.00	111.67	16.819
L.F. Dispensary	Hosdrug	1.97	130.67	15996
"	Baindur	nil -	96.70	18,563
Govt Hospital. (one AS to one Hosp)	Coondapur	6.69	139.84	26,200
Govt Hospital, (One AS only)	Kasargod	12.40	93.14	13,509 ↓ 2502 in 1934

The hospitals at Buntwal was reduced from a civil Assistant Surgeon's to a Sub-assistant Surgeon's charge in 1923. If the financial position of the Dt Bd is satisfactory and if it agrees to the payment of Govt contribution towards the pay of the medical officers in charge of the Dt. hospitals at Buntwal & Moolky at the rate of 10 per cent instead of 25 per cent. the grade of the medical officers in charge of the two institutions may be fixed as Assistant Surgeon until the existing incumbents vacate their office. Such cases however remain which will be a very inconvenient precedent when similar cases arise which is not unlikely.

Order / Ms. Resolution / Rout. No. 2186 PH, dated 21-8-1935.

The Government see no reason to modify the orders passed in G.O. No.103 P.H. dated 16-1-35 fixing the grade of the medical officer in each of the local fund medical institutions at Buntwal, Mulki, Hosdrug and Baindur as Sub Asst. Surgeon.

2. They are not prepared to comply with the request of the medical officers employed in those institutions that they may be classed as Assistant Surgeons or transferred to some other district as Assistant Surgeons.
